The following speakers disclose they have nothing to disclose: Christopher Doty, MD, Adam Jacob, MD, and Rosalind Ritchie, MD.

Dr. Stacie Deiner discloses she is a consultant for Merck, and provides product research for Covidien.

The following meeting planners disclose they have nothing to disclose: Regina Fragneto, MD, Curtis Koons, MD, Heidi Koenig, MD, Faezah Bux, MD, Michael Harned, MD, Deborah Maskey, James Borders, MD; Miranda Mosley

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Kentucky Medical Association and the Kentucky Society of Anesthesiologists. The Kentucky Medical Association is accredited by the ACCME to provide continuing medical education for physicians.

The Kentucky Medical Association designates this live activity for a maximum of 4.0 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

TARGET AUDIENCE - Practicing Anesthesiologists

OBJECTIVES

Stacie Deiner, MD – *Anesthesia and Cognitive Function in Geriatric Patients and Patient Frailty and Anesthesia Outcomes*

1. Discuss the prevalence of mild cognitive impairment, frailty, and depression in older adults before surgery and understand how they impact risk for postoperative morbidity.
2. Review the evidence for intraoperative best practices for older adults and plan for the management of delirium and cognitive complaints after surgery.
3. Understand and improve the identification and management of frailty in older surgical patients.

Rosalind Ritchie, MD – *Patient Selection in Ambulatory Anesthesia*

1. Recognize the importance of patient selection in ambulatory anesthesia
2. Discuss the pros and cons of different case scenarios in an ambulatory anesthesia practice
3. Develop patient selection criteria for your ambulatory anesthesia practice.

Adam Jacob, MD – *How to Implement an Outpatient Joint Replacement Surgery Program*

1. Discuss the rationale for ambulatory total joint replacement surgery
2. Describe key aspects of setting up an ambulatory total joint replacement practice
3. Review common barriers to ambulatory total joint replacement surgery

Christopher Doty, MD – *Personal Residence to Address Physician Burnout and Depression*

1. Understand the scope of the issue with physician burnout and depression
2. Review the medical literature around personal resilience
3. Learn easy-to-use tools to build personal resilience
